

## McGraw Hill *Reveal Math Integrated* Program

The *Reveal Math Integrated* program, part of the *Reveal Math* K-12 series, is based on research into effective mathematics education and instruction synthesized by McGraw Hill's Learning Scientists. *Reveal Math Integrated* is based on proven classroom best practices and feedback from numerous teacher focus groups. The development team also relied on guidance from our expert advisory team, including Cathy Seeley, Ed.D., Raj Shah, Ph.D., and Cheryl Tobey, M.Ed., and esteemed publications such as *Principles to Actions* (NCTM), *Mathematical Mindsets* (Jo Boaler), and *Making Sense of Math* (Cathy Seeley). This solid foundation of academic research and direct feedback from hundreds of educators ensures that *Reveal Math Integrated* is at the forefront in mathematics learning and instruction.

The *Reveal Math* instructional model is based on the latest research into how students learn best, through:

- Rich tasks
- Productive struggle
- Mathematical discourse
- Collaborative learning

The expert advisor team behind *Reveal Math* includes leaders at the forefront of mathematics education, including:

- Dr. Cathy Seeley: Mathematics educator, speaker, and writer, former Senior Fellow at the Charles A. Dana Center at The University of Texas at Austin, past President of NCTM, former Director of K-12 Mathematics for the State of Texas
- Cheryl Tobey, M.Ed.: Senior Mathematics Associate at Education Development Center (EDC)
- Dr. Raj Shah: Founder of Math Plus Academy, a STEM enrichment program and founding member of The Global Math Project
- Dr. Walter Secada: Professor of Teaching and Learning at the University of Miami
- Dinah Zike, M.Ed.: President of Dinah.com in San Antonio, Texas and Dinah Zike Academy

## Implementation Services

McGraw Hill is committed to assisting teachers, administrators, and district leaders achieve their curriculum goals. Our comprehensive Professional Development offers workshops and interactive training sessions that address research-based practices and strategies to meet the needs of supervisors and classroom teachers. We have a cadre of meetings, in-service workshops, and online courses demonstrating McGraw Hill's commitment to professional development. McGraw Hill offers a broad range of offerings to help educators maintain high levels of success with the program, as well as to help foster ongoing professional growth and development of district teachers and administrators.
